

Now time to get back at
playing Inferno the Leaf Blade III

BUNGEE PIG GOES OUTSIDE WITH THEIR OLD FRIEND BUNGEER PENQUIN

Everything outside
has changed! Why don't
we go for a walk?

Hmm, I suppose
I can spare some
time outside...

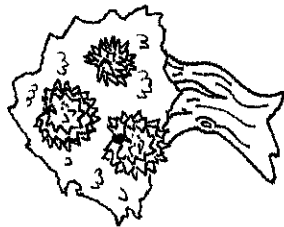

Bungee Pig it's
been years! What
have you been doing
the entire time?

Playing Inferno
the Leaf Blade III. It
has an eternity of
content!

Burr the Worm
started a Burr Forest.
Currently they are
growing more trees in
Sanctuary Maples.

Nice growth!

They replaced the
explosive-peg bridge
with non-explosive
Pegs.

It used to
be a pain to
jump across
this bridge.

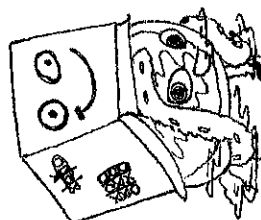

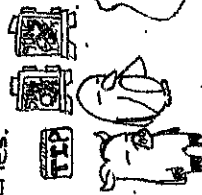

You no longer
need a VIP Pass
to enter High
Roller Hills. We
no longer need
to sneak in to
gamble. I already
won five pots
of honey last
year!

You know, I sure
could go for some
honey-glazed fresh
focaccia...
(Wait, is that Bungee
Chameleon over there?)

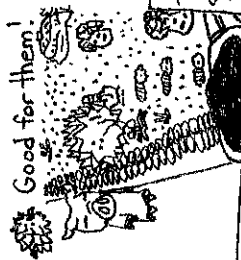

Hey Bungee Pig!
It's been awhile,
I can lend you my
latest comic volumes!

Hello Box Jelly!
Long time no see!

Box Jelly has become
an artist and created
their own graphic novel
series.

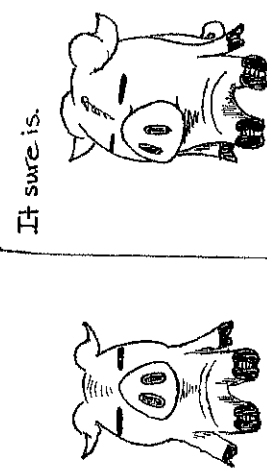

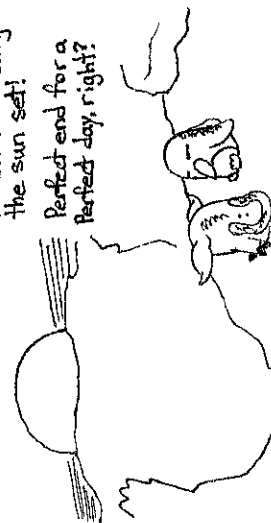

The Burrs overthrew
their military junta
and now are raising
a food forest.

Good for them!

See, this spot is
Perfect for seeing
the sun set!

Perfect end for a
Perfect day, right?

It sure is.
